Subject: Federal Register Search for 12/5 - 11/2020

Phil et al.,

The following are the results for this week's FR search. Quite an number of hits, but mostly some potential screening. One EA for a land conveyance to become a landfill and the other for pipeline permit. The remainder of the hits are informational, including two publications for BLM Categorical Exclusions and an update on the denial of a challenge to the Dewey Burdock ROD. The published EIS docs are ones we were already familiar with.
